

Language you can use to describe Breakthrough

Breakthrough creates a path through college, beginning in middle school, for students from low-income communities who will be the first in their families to earn a college degree.

Breakthrough does whatever it takes to help our students beat the odds to become first-generation college graduates. We make a commitment to each of our students for 12 years to successfully guide them and their families through the long and complicated process of preparing for, enrolling in and completing college. We believe that by providing innovative out-of-school learning and individualized case-management to students and their families, we can replace the cycle of poverty with self-sufficiency.

Be sure to say what Breakthrough means to you and encourage your audience to help you raise funds for Breakthrough! Here's a sample from one of our Amplify fundraisers:

"I grew up in East Austin, am the youngest of four children, and I was the first in my family to graduate from college. I got my BA from Texas Lutheran University and later got my MS in Organizational and HR Development from Abilene Christian University. I know that obtaining a degree can change your life and alter the trajectory of your family. If I am successful, then WE are successful. I whole-heartedly believe that. I also believe in the value and acknowledgement of interdependence. We must educate our kids because they will eventually sit at decision-making tables across the nation and we need them to be fully prepared when given that opportunity and responsibility.

One thing that makes Breakthrough Central Texas unique, is that we commit a Breakthrough staff member to case manage and work with each student in middle school, high school, and into/through college.

****We work with students 6 years AFTER high school graduation and no other Breakthrough organization does that!****

Help us maintain our momentum and expand our support services for our students and communities. Help us share knowledge and educate families to encourage their kids to go to college and make positive changes in the world. Whether you have a lot or little, every penny is appreciated. Sharing my link is also another easy way to show support. If you have any questions about what I do or would like to know more, please don't hesitate to contact me. Thank you, in advance, for the positive vibes and support. Have an excellent day.

Please join me for Amplify Austin's 24 hours of giving and help amplify college dreams. A gift of \$25 provides Breakthrough students with access to after-school tutoring, bus passes to attend out-of-school programming and funds ACT/SAT registration fees. A gift of \$50 pays the application fee for a student to apply to college! Every little bit helps our student achieve their goals of being the first in their families to graduate from college. Thank you for your support!

Thank your donors after Amplify
